REGISTER HERE

Program Description |

In our inaugural ORYA golf offering players will be able to develop their golf game on the range and course. Pease Golf instructors will work with our golfers on the range covering the fundamentals of putting, chipping and full swing. Additional time will be spent on the course learning etiquette, pace of play guidelines and how the course is different from the range.

What to Wear |

While players should be dressed appropriately for the weather they should also meet golf dress etiquette as easily outlined by the [International Junior Golf Academy](#). Golf shoes are recommended but if you don't have those regular sneakers are fine, no sandals.

What to Bring |

Players should bring their golf clubs in a golf bag, plenty of balls for use on course, plenty of golf tees. Clubs should include a driver, irons, wedge(s) and putter. For more information on what clubs are appropriate for your player feel free to call Pease Golf Shop at 433-1331. If you do not have any golf equipment please contact Pease in advance of the program to ask about loaner sets of equipment.

Additional Info |

The IJGA also outlines the most basic golf etiquette players will be expected to follow at all times while on the range or course. While on the course, players will be walking – no carts will be used by participants.

Player Tuition |

The tuition for this program accounts for Pease fee of \$150 per player, insurance (medical & liability), reduced ORYA Admin fee of \$15 and online payment processing fees.
