PROGRAM DESCRIPTION |

ORYA’s Summer Sandlot League starts the week of July 8th and was designed to provide baseball and fun for the current Coach Pitch players that want to play more ball. The camp will be comprised of one game a week with the focus on fun, development, and friendly competition.

WHAT TO BRING |

Each participant should bring their glove, helmet, personal bat if desired, clothes appropriate for the weather, sunblock, a small healthy snack, a full water bottle and any other equipment they would normally bring to a baseball practice or game.

Please also have regular sneakers in the event of poor weather. If the weather is poor they will seek shelter where cleats are not allowed.

COMMUNICATIONS |

Coaches will utilize TeamSnap as their messaging tool. TeamSnap is a great way to get quick updates on changes to the regular schedule. This is of the utmost importance as we cannot control things like weather throughout the duration of the camp and may need to make last minute location changes and add Saturday meetings to the calendar.

COACHES |

Coaches will be many of those of the regular baseball season. All of our coaches have been background checked, gone through SafeSport training, and are Cal Ripken certified. These coaches have dedicated time to get players extra baseball this summer!

PLAYER TUITION |

ORYA summer camp programs are facilitated only by the ORYA office staff – not volunteer program AG's. Our summer camps are fundraisers for ORYA. Player tuitions are determined based on known or expected expenses and what is deemed as acceptable for the type & duration of program.
