PROGRAM DESCRIPTION |

Come check out the fastest growing team sport in the United States! Ultimate Frisbee is an exciting field sport with a flying disc (frisbee) that combines the non-stop movement and athletic endurance of soccer with the aerial passing skills of football. It is also governed by Spirit of the Game – a tradition of sportsmanship that places the responsibility for fair play on the players. Learn more at [USA Ultimate](#).

Ultimate is played in more than 80 countries by an estimated 7 million men and women, boys and girls. In New Hampshire, there are many options for play (see [Seacoast Ultimate](#) listings). Oyster River Middle and High Schools have after-school clubs. A NH high school team has competed in the U.S. Youth Club Championships since 2017. Your Coaches have played competitive Ultimate on the national and world stage and coached players from elementary through high school. Join us!

No rain dates are currently scheduled.

WHAT TO BRING |

Cleats, a full water bottle, sunscreen and clothes appropriate for exercise and the weather.

COMMUNICATIONS |

Prior to the first session, ORYA staff will reach out to registered players to confirm your registration and offer a reminder about program dates. Those that register after the deadline will receive a welcome note by the end as we notice your new registration.

COACHES |

Seacoast Ultimate works with ORYA to provide local volunteer coaches who have played

competitive Ultimate on the national and world stage and coached players from elementary through high school.

PLAYER TUITION |

ORYA summer camp programs are facilitated by the ORYA office staff – not the typical Advisory Groups. Our summer camps are fundraisers for ORYA. Player tuitions are determined based on known or expected expenses and what is deemed as acceptable for the type & duration of program.
